

## REMOTE BASE SPECIFICATIONS (For all display models requiring remote bases)

### Specifications for remote bases:

#### Footprint:

all units = 15-1/4" x 19" on counter or shelf

#### Height:

16 Games = 10-1/2"

20 Games = 13"

24 Games = 15-1/2"

28 Games = 18"

**Note:** While larger remote bases can be made, combinations of smaller units have been found to work well in most situations. 36 game display = one – 20 game base plus one –16 game remote base.

Remote bases can be attached to the counter or shelf with double stick tape (supplied) or with pan head screws (not supplied). The screws will make it slightly harder to operate the bottom tray.
